

WEEKLY REPUBLICAN—1917.
MAYSVILLE DAILY LEDGER—1917.

MAYSVILLE, KY., SATURDAY, FEBRUARY 10, 1912.

ONE COPY—ONE CENT.

Billy Sunday says: "If your young daughter thinks she has to spoon with every young buck in town before she chooses one to marry, you'd better take her out in the woods with a snipper and spank her on both hemispheres."

ORCHARDS

Ohio Has 75,000 Less Acres Than 12 Years Ago—Scientific Care Imperative

E. Shaw, Inspector of Nurseries and Hardwoods of Columbus, says in a recent report:

1. There are 75,000 acres less in apple orchards in Ohio today than twelve years ago. This is a serious situation. This is due to deterioration and destruction of the farm and orchard.

2. The ravages of most insects, pests and fungus diseases are responsible for this loss.
3. Unless farmers begin to spray their orchards, there will be but few of the old ones left in ten years.

4. Don't give up the orchards, and depend upon the market for your fruit. You will buy enough for your families.

5. Don't let the old orchards become an eyesore on an otherwise up-to-date farm.

6. Spraying is not difficult or mysterious.

7. Give spraying a trial, and begin this year.

8. Many farmers have already begun to spray and they find it pays.

9. The time is at hand when spraying must be given a place along with other farm work.

10. Depend upon the Experiment Station at Wooster, or Department of Agriculture at Columbus for advice upon the subject of spraying.

11. Shoo the tree FAKIR who claims to destroy insects by injecting a fluid into the trunk or roots of trees.

12. Disappointment is sure to follow where

the above method is practiced.

13. Get rid of or control San Jose Scale, Coddling Worms, Plum Curculio, Apple Scab, Peach Leaf Curl and Brown Rot. These are some of your worst enemies. It is not a difficult operation.

14. Send to the Department of Agriculture, Columbus, Ohio, or to the Experiment Station, Wooster, O., for a spray calendar. It will tell you how and when.

15. Give the old orchard one more chance. Prune the trees properly.

16. Don't leave stubs when pruning; cut close. Paint the wound.
17. Add some fertility to the soil. Get a good spray pump and plenty of hose, and a bamboo rod.

18. Make your spray solution carefully and properly.

19. Spray thoroughly and at the right time.

20. One good trial of spraying will convince you of its value. You will never again neglect it.

Even a forgetful man seldom forgets about the money you owe him.

Stock Feed Scarce

The farmers of Madison county it is said face a vexing question in regard to stock feed which is exceedingly scarce. The scarcity is claimed to be due principally to the fact that the farmers have turned their attention to the raising of tobacco neglecting other products, such as sugar cane and the like to be used as a roughness for cattle.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer."

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm. There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles. N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

ROBBERS LEAVE MEN IN ADAM'S GARB

Strip Bowling Alley Patrons of Clothes in Washroom After Taking Valuables.

Chicago.—The last word in ingenious robbery is to rob and disrobe the victim in a washroom and then leave him shivering in his Adam-like garb, trusting to his natural modesty to prevent him from breaking forth in hot pursuit.

This was tried so successfully a few nights ago that two men—one a detective and the possessor of two revolvers—shivered and shrank up against a wall of a little washroom in Bensinger's bowling alley.

There was one feature of the affair that made it possible for the robbers

Left Them in Adam's Garb.

to escape. It was ladies' night at the bowling alley. The two victims of the robbers peeped from their uncomfortable quarters at the crowd of women at the other end of the alleys, then at their own forms in the mirror.

That was enough. Thomas Fay of 4530 Clifton avenue and James Devury, a Pinkerton detective, were the victims.

Two negroes entered the washroom just as Fay was removing from his face the perspiration acquired in an exciting game. A revolver was thrust to his head and he was compelled to give up a watch and the contents of his pockets—\$2.

Then, to guarantee a safe departure, the robbers removed Fay's clothes, also at the point of a revolver. Just then Devury entered and saw Fay, apparently preparing for a cold dry bath. The smile froze on his lips, however, as a revolver was pushed against his own breast. His pockets were emptied.

The two victims shivered and shouted until a pin boy finally came to their relief, but the hold-up men had had time to get miles away.

BULLETS MERELY GOAD BULL

Fusillade From Rifles Fails to Kill Animal Purchased by Butchers and Heavier Arms Used.

Muncie, Ind.—A bull that apparently cares no more for bullets than it does for bee stings and that fairly eats the leaden pellets when they are fired into it for the purpose of converting it into beef, is the worry of a local firm of butchers. The animal, which is savage, is owned by J. M. Hartley, six miles north of here, and Hartley sold it to the butchers. For several days the bull has successfully resisted the efforts of eight men to kill it.

The first attempt to kill the animal was made recently when three employees of the butchering establish-

Bullets Merely Goaded Him.

ment, all heavily armed with rifles, went to the Hartley farm and began a bombardment. After they had fired a number of shots into the animal's head with no effect except to make it angry and paw the earth, the butchers became discouraged and came back to town for reinforcements. The following day two other butchers, armed with larger bore rifles, went to the farm and fired a dozen bullets into the bull. These seemed to annoy the animal somewhat, for it bellowed and ran to the rail fence where the "hunters" were sitting, causing them to make a hasty getaway. An express rifle will be used on the animal.

THE "INSIDER" AND "OUTSIDER."

CIVIC LEAGUES FOR EVERY COUNTY SEAT

Circular Issued Suggests the Ways in Which Members May Help Plans

The Chairman of the Civic Department of the Kentucky Federation of Women's Clubs, Mrs. Benjamin L. Banks of Richmond, with the help of her Committee and the President of the organization, Mrs. James A. Leach of Louisville, is making a strenuous effort this year to increase the number of civic organizations in the State of Kentucky.

It is hoped that these civic organizations will all become members of the Federation so that their strength may be united for the betterment of the entire State, in addition to the improvement aimed at in the local community of each one.

At present there are federated civic organizations of Women's Clubs in forty-seven of the county seats of the State. The President has gotten up a map of Kentucky in which each county seat having a federated organization is given a star. She will unveil this map at the coming annual meeting and hopes then that stars will be added to the seventy-two county seats not at present starred. The slogan adopted is, "Help Us Star Our State."

A little circular is being issued by the civic committee suggesting the ways in which members of federated clubs can help.

The first suggestion is, organize a civic league or club in your town composed of women, or, better still, of both men and women.

Second. Organize junior civic leagues in your schools.

Third. If you can do neither of these, send to the chairman of the civic department or President of the State Federation the name of someone who may be interested in the work. By so doing you will help us star the State.

The object of every civic organization should be to keep its town beautiful, clean and peaceful.

WIFE'S HEALTH RESTORED

Husband Declared Lydia E. Pinkham's Vegetable Compound Would Restore Her Health, And It Did.

Ashland, Ky.—"Four years ago I seemed to have everything the matter with me. I had female and kidney trouble and was so bad off I could hardly rest day or night. I doctored with all the best doctors in town and took many kinds of medicine but nothing did any good until I tried your wonderful remedy, Lydia E. Pinkham's Vegetable Compound. My husband said it would restore my health and it has."

Mrs. MAY WYATT, Ashland, Ky.

There are probably hundreds of thousands of women in the United States who have been benefitted by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering. Read What Another Woman Says: Camden, N. J.—"I had female trouble and a serious displacement and was tired and discouraged and unable to do my work. My doctors told me I never could be cured without an operation, but thanks to Lydia E. Pinkham's Vegetable Compound I am cured of that affliction and have regained much of the best results."

Mrs. ELLA J. JAMESON, 224 Vine St. If you want special advice, write to Lydia E. Pinkham Medicine Co. (confidential), your letter will be answered by a strict confidence.

THE LEDGER least all, and is the favorite of the people.

OATS and FEED

For Sale By J. C. EVERETT & CO.

Announcement.

We respectfully announce to our patrons a practical cooking and baking demonstration of the CALORIC FIRELESS COOK STOVE. You and your friends are cordially invited to attend and partake of the many good things which will be prepared in this wonderful fuel and labor-saving cook stove. Many seemingly impossible things will be explained and you will learn why and how the "CALORIC" actually bakes and roasts food in its raw state without first partially cooking on an ordinary stove or reheating before serving.

McIlvain, Humphreys & Knox,

Date of Demonstration, Feb. 12th to 17th.
